# Safety and Security

- Even during a public health crisis, our democracy can and must go on,” Secretary of State Alex Padilla
- Be proactive and vote as early and safely as possible
- Observe social distancing
- Bring PPE just in case but poll stations should have enough

# Know Your Rights: Voting in Person

- **Timing:** Polls will be open from 7am to 8pm on Election Day. As long as you are in line by 8pm, you will be able to cast your vote.
- **If You Need Time Off Work:** California law allows workers to take time off work, with pay, to cast their ballot if they do not have enough time outside of working hours to go. You need to give notice to your employer.
- **Help with Voting:** California law allows you to bring up to two people to help you vote in person, as long as they do not represent your employer or your union. Bring a family member or friend.

# Know Your Rights: Voting in Person

- **ID:** You should not be asked for ID when you go to vote, unless it is your first time voting and you did not provide ID verification when you registered to vote.
- **Wrong Polling Place or Other Problem with Registration: Don't give up!** If there is an issue with your registration, you can ask to use same-day voter registration to re-register and vote or ask for a provisional ballot, which is a ballot that will be counted after Election Day if elections officials confirm your eligibility.
